The monthly stipend amount will be pro-rated for retirees who have worked less than 1.0 FTE.
2. The monthly stipend will be increased by one of the following amounts based on the accumulation of unused sick leave, subject to the pro-rata calculation for retirees who have worked less than 1.0 FTE:

0 – 149.99 unused sick leave days = \$0 per month
150 – 199.99 unused sick leave days = \$50 per month
200-249.99 unused sick leave days = \$75 per month
250 or more unused sick days = \$100 per month

3. The District will provide access to medical insurance for the retiree and his/her spouse/domestic partner (see District Policy) and dependent children until the retiree is eligible for Medicare. Only the individuals covered by the group medical insurance at the time of the employee's retirement will be eligible to have access. New dependents due to a change in family status after retirement (for example, marriage, birth of a child, adoption of a child) may not be added to the retiree's medical coverage. Such medical coverage shall be the same as that provided through the group plan for current employees of the District.

- a. Effective January 1, 2013, the retiree will pay the following percentage of the medical insurance premium:

Retiree only - single party plan - 5%

Retiree and children - 15%

Retiree and spouse - 18%

The child of a retiree shall have access to Medical Insurance until the child reaches age 26. The District will not cover any of the costs of medical coverage for the terminated retiree's dependents.
- d. If the spouse/domestic partner of a covered retiree becomes eligible for Medicare prior to the date of the retiree's Medicare eligibility, the spouse/domestic partner's access to the District's medical insurance ends at the date of his/her eligibility for Medicare.

- C. Eligible employees wishing to take advantage of the District's supplemental retirement benefits at the start of the following school year must provide written notice to the District by February 1 of the current school year.
- D. Employees hired on or after July 1, 2007, will participate in a mandatory 403b Program. Participation in this 403b program shall be voluntary for temporary employees. Employees shall contribute a minimum of \$50 per month to the 403b. Additional employee contributions are allowable up to the legal maximums.

Employees may adjust their contribution levels on a monthly basis.

This 403b is portable and will follow employees should they leave the District's employment. The 403b is fully vested after 72 months.

The District and the Council will work together to provide financial training for all new employees so they can successfully manage their 403b Account.

Upon retirement, the District will redeem accrued sick leave according to the following formula.

150 through 199 days = \$4200
 200 through 249 days = \$6300
 250 or more days = \$8400

Retirees may elect a cash payment or a contribution to their 403b.

ARTICLE 15 – School Work Year

- A. The school-work year shall not exceed one hundred-ninety-one (191) days including the five (5) paid holidays listed below with one half (1/2) day of comp time for attending open house/back-to-school night. The schedule of actual comp time will be determined by each site in increments of no less than two (2) hours.

Labor Day, Veteran’s Day, Thanksgiving, President’s Day and Memorial Day.

- B. The normal employee work-week is forty (40) hours, including a duty-free lunch period of thirty (30) minutes. However, the parties recognize the desirability of flexible scheduling, and it is their intent to continue reasonable flexibility in the work day and the work week within the forty-hour-per-week time frame. Employees who are required by the District to work beyond forty hours in any week shall be given compensatory time off equal to the actual overtime worked or overtime computed at the per hour rate of .001 times the employee’s annual salary for each hour or part thereof worked, at the option of the District.
- C. Preparation time for middle school and high school employees shall be equivalent to one
a. class period of uninterrupted time each day. The team structure at the middle school requires dedicated team time in addition to individual planning time. Preparation time for elementary school employees shall be equivalent to 250 minutes per week with at least one 45 minute uninterrupted block each day. Preparation time shall be teacher directed and is intended for the purpose of lesson planning, material organization, and assessment of student work. Teachers will not be required to attend meetings or in-services or be given other duties or assignments during preparation time. Exceptions may be made with the consent of the affected teacher for IEP or other student services related meetings.
- D. The District and the Council recognize that there is a relationship between the amount of prep time an employee has and the number of different academic preparations. When introducing new programs and technologies both parties recognize that training and support is necessary prior to implementation. Both parties also recognize the need to minimize the impact on individual preparation time.

Administrators will collaborate with employees whenever possible and attempt to minimize the number of different preparations given budgetary constraints and/or state and federal laws.

- E. Each building shall devote at least one hour per week to professional development through Professional Learning Communities. Not less than one hour of PLC time per month shall be dedicated to teacher directed collaboration for grade-level, subject or interdisciplinary professional development of curricula or implementation of common core, proficiency-based grading or other similar mandates.

- F. The District recognizes its obligation to bargain upon demand by the Council the impact of any decision(s) that would result in a significant increase in student contact time. In such cases the following procedure shall apply:
1. The Council will be advised in writing of any formal proposal prior to the submission of such proposal to the Board. Any such proposal shall include sufficient information to allow the Council to assess its impact on employee student contact time.
 - a. The Council shall have ten (10) calendar days from receipt of notice to submit a demand to bargain.
 2. Upon receipt of a timely demand to bargain by the District, the parties will schedule a meeting to begin bargaining and to select a fact-finder as follows:
 - a. A list of seven (7) fact-finders shall be requested from the Oregon Employment Relations Board. A fact-finder shall be selected at the first negotiations session by the striking method. The first striker shall be determined by a coin flip.
 - b. After six (6) strikes, the remaining fact-finder shall be offered the appointment subject to acceptance of the following terms:
 - 1) The hearing shall be held within forty (40) calendar days of appointment.
 - 2) The hearing shall be declared closed at the end of the public hearing.
 - 3) The fact-finder shall submit recommendations within twenty-five (25) calendar days following the close of the hearing. If the selected fact-finder does not accept these conditions, the appointment shall be offered to the second (2nd) fact-finder on the list in the inverse order of striking. If the appointment is still not accepted, a second (2nd) list shall be requested by phone and the selection procedure shall be repeated until a fact-finder is appointed.
 3. If no agreement is reached within twenty (20) calendar days from the date of Council's demand to bargain, mediation shall be initiated. If a mediator cannot be timely assigned, the parties agree to fulfill their legal obligation to mediate by a conference call to the State Conciliation Division. If no agreement is reached within fifteen (15) calendar days in mediation, the parties shall proceed to the fact-finding hearing.
 4. If either party rejects all or any part of the recommendations, they shall be made public not later than five (5) days from the date of mailing.

If no agreement is reached, impasse will be declared thirty (30) days from the time the recommendations were made public. Upon ten (10) day written notice to the District by the Council, the contract shall be terminated and the Council shall have the right to strike.

ARTICLE 16 – Class Size and Composition

A. Employees and administrators at each building will shape the process at that school for determining class makeup composition and size in striving to meet class size and student daily contact goals. Student contact refers to regular classroom teaching that involves diagnosis, planning and assessment. In determining class composition, employees and administrators will consider the needs of students with special needs, prior history from colleagues about the attention needed to meet student needs, the impact of a student on the class itself, and any other trait that would influence the ability to teach and learn.

It is recognized that elementary, middle and high school have different structures that make the involvement of employees and administrators quantitatively and qualitatively different. Principals and employees at each school will develop a framework collaboratively that allows them to create the optimum learning environment with the resources that are available. Copies of that process will remain on file and readily available to staff members in the main office of the school.

1. Current Annual Sick Leave

- a. A total of ten (10) full working days per year with full pay shall be granted each full-time certified employee. For the purposes of this Agreement, a full working day for a full time employee equals eight (8) hours. Employees working half-time or more, but less than full-time, shall be granted ten (10) sick leave days pro-rated in direct proportion to the number of hours employed. Such current sick leave shall accrue to the employee on July 1 of each year or upon date of employment, whichever is later.
- b. Accrued sick leave benefits shall be available to the employee when the employee is incapacitated by illness or injury. Accrued sick leave benefits may also be used for disabilities as a result of pregnancy. Such actual periods of disability must be verified by the employee's physician.

- d. A grant of sick leave in excess of five (5) consecutive days may require verification by a written statement from the employee's attending physician or practitioner that injury or illness prevents the individual from working. If the absence is extended over successive pay periods, these

verifications must be submitted regularly each month or worded in such a way by the physician as to indicate the length of absence. Those individuals who for religious reasons do not employ the services of a medical physician shall furnish such other proof as may be required by the District.

- e. Deductions: If sick leave has been exhausted, deductions made from the employee's salary shall be based on the employee's daily rate.

- 4.) If an employee exhausts all accumulated paid leave during the first 12 weeks of parent leave, the District will provide 25% of that employee's salary for the remainder of the 12 weeks. If the employee has sufficient accumulated paid leave to remain fully paid during the first 12 weeks of parent leave, they will not have access to this provision.
- 5.) If an employee decides to extend their parent leave past the initial 12 week period, and they have exhausted their paid leave, the District will continue to provide the District contribution towards health insurance for a maximum of an additional 12 weeks. Employees on parent leave will continue to provide their monthly out of pocket contribution.

- 7.) Parent leave benefits outlined in #4 and #5 above are accessible to the employee beginning in year 2 of employment.

5. Employees are to be encouraged to attend those professional meetings that they and their principal feel would be of benefit. Upon approval of such requests by the building principal and Superintendent, the employees will be allowed to attend the meetings. As part of the approval process, the principal and the employee will agree on the maximum amount of expenses to be paid by the District using the reimbursement amounts specified in Article 29 as a guideline.

3. For Layoff or Recall, qualified shall mean:
 - a. Licensure - An employee who is currently teaching within his or her licensed area will have seniority rights within the parameters of that certificate.

- b. Seniority - Total length of service (including paid leaves) is based on the first day of actual service with the District for teachers at point .5 FTE and above. Ties will be broken by drawing lots. Representatives of the Council will draw lots on behalf of newly hired teachers to break ties in seniority within 30 days of their first day of service.
 - c. Experience - An employee who is deemed highly qualified not currently teaching within his or her licensed area (i.e., an additional endorsement not being used for his or her current assignment) will have seniority rights only when they have had previously successful teaching experience in the instructional area in the District. For the purpose of this section, successful teaching does not include substitute teaching.
 - d. Competency – The employee is not considered competent if the employee has failed a plan of assistance and is currently on a plan because of that failure.
 - e. Has successfully completed a probationary period in the Ashland School District.
4. When existing members of the bargaining unit cannot be transferred to other positions for which they are properly licensed and deemed highly qualified under state and federal law, they will be placed on seniority lists according to the areas for which they are qualified.
 5. Layoff is considered when an individual goes from 1.0 FTE to less than 1.0 FTE or when FTE is reduced to less than .5 FTE. No layoff is considered when an individual goes between .99 FTE and .50 FTE.
 6. In the event of a long-term emergency school closure, (i.e. fire, pandemic, flood) employees may be temporarily laid off and shall be subject to recall within forty-eight (48) hours of notice from the District.

B. RECALL

If within 27 months of layoff a vacancy occurs within the District for which the laid off employee is properly licensed and deemed highly qualified under state and federal law, recall will be in the reverse order of layoff in accordance with the following procedures:

1. At the time of layoff, the District shall provide laid off employees the opportunity to express, in writing, a desire to return to the District. The District shall also receive the employee's address for recall notification. In the event of a recall, the District shall notify an employee who has expressed a desire to return to the District, of the recall, by certified mail, return receipt, sent to the last address given by the employee to the District office.

2. At the time of layoff, the employee may indicate in writing his or her desire to return to the District and may provide the District with an address to which notices shall be sent. Employees will have sixteen (16) calendar days from the mailing of such notice to notify the District in writing of his/her intent to return within sixty (60) calendar days of the date of such notice. Failure of the employee to so respond within the time herein specified shall terminate such employee's right to recall.

C. ORIENTATION

An employee who is transferred to a different level or program (e.g., middle school to high school, etc.) may be required to participate in a District education program not to exceed eight (8) hours. The purpose of the education program will be to orient and educate the employee about organizational structure, developmental needs of students, appropriate teaching strategies, and so forth of the new level. The eight (8) hour education program may be held outside regular work hours; in such cases, the employee will be paid at the professional development rate.

ARTICLE 26 – Fair Share Agreement

- A. To assure that employees covered by this agreement are adequately represented by the Council, the District shall deduct an amount equal to one-tenth (1/10) of the dues of the Council, including the OEA and the NEA dues each month for ten (10) consecutive months from the pay of each employee who is not a member of the Council, beginning with the paycheck for the month of October, as a fair share commensurate with the cost paid by the Council of collective bargaining and contract administration.
- B. In the event of any special assessments for collective bargaining, and/or contract administration, the District shall deduct through payroll deduction for each non-member an amount equal to that paid by the member, and pay this sum to the Council.
- C. Any employee who has not requested payroll deduction of Council dues or who has not certified to the District that he/she has paid their dues directly to the Council shall be subject to the provisions of this Agreement. Such request for payroll deduction or certification of direct payment of dues shall be made by the fifteenth (15th) day of October.
- D. The Council agrees to hold the District harmless against any and all claims, suits, orders or judgments brought against the District as a result of the provisions of this article.

ARTICLE 27 – Compensation

The four-column salary schedule was developed to compensate for increased experience and encourage professional growth.

A. SALARIES:

1. 2016 - 2017: All eligible bargaining unit members will receive a pay step. All bargaining unit members will receive a 2.5% COLA. See salary schedule in Appendix A.

2017 – 2018: All eligible bargaining unit members will receive a pay step. All bargaining unit members will receive a 2.25% COLA. See salary schedule in Appendix A-1.

Note: Employees “eligible” for a pay step are those who have completed at least one-half year of service, or have been on approved Study or Professional Leave and provided adequate documentation of the study or work experience completed while on leave.

- B. Both parties agree to collaborate if the District receives significantly more or less ADM generated money than anticipated at the time this agreement was ratified.

C. HORIZONTAL MOVEMENT DURING LIFE OF AGREEMENT

1. If an employee completes the necessary credits for advancement to a higher column on the salary schedule, an adjustment in salary and on the salary schedule shall become effective beginning with the payroll period following written notification by the employee to the Superintendent. Necessary credits may include In-District courses which are approved for credit in advance by the District. Official verification of having successfully completed the additional course(s) will be submitted with the written notification.
2. All credits must be upper division or graduate hours earned after the BA.

D. PLACEMENT OF EMPLOYEES

1. New employees who commence work after July 1, 2016, shall be placed on the salary schedule as follows:

Step	Years of State Recognized teaching experience
11	10
10	9
9	8
8	7
7	6
6	5
5	4
4	3
3	2
2	1
1	0

“State recognized” means any school (private or public) that is recognized by the state in which it operates.

2. With Board approval, new employees may be placed at a higher level based on unique qualification, skills, or experience if in the judgment of the Superintendent such placement is justified.
- E. In the event of a situation beyond the control of the Board which requires the closing to students or employees of one or more, or all of the schools, the school year may be extended to compensate for the number of days lost in such schools, at the discretion of the District with no additional pay in excess of the employee’s yearly contracted salary.
- F. No member of the bargaining unit shall be entitled to any salaries or other economic benefit provided in this Agreement for any period(s) of time not worked as a result of school closures for budgetary reasons, except that the District shall continue its insurance premium obligations for the month following the month in which closure occurred.
- G. If the District is not able to meet its financial obligations, without implementing a layoff, the parties will consult. The purpose of these consultations will be to agree on strategies to enable the District to meet the financial obligations in the most educationally responsible way. The strategies may include, but are not limited to:
1. The parties may mutually agree to reduce the work year by two or more days; one inservice day and one student contact day

2. Either party may reopen negotiations.
3. If no solution is agreed upon by the parties, the District may initiate the Layoff/Recall procedures.

ARTICLE 28 – Insurance

A. HEALTH PROMOTION

The Council and the District agree that the health and well-being of employees is of utmost importance. We also agree that we will work collaboratively to develop health promotion activities that assist employees in making informed decisions about their health care and life style changes. The District will continue to maintain a Health Promotion Committee comprised of representatives of the Council and from each school and work site in the District. The Committee will be charged with developing health promotion activities, classes, and programs. The District will establish a voluntary program to encourage employee participation in health promotion activities.

Site representatives will be paid the professional development rate for their participation on this committee.

B. INSURANCE COMMITTEE

By October of each year, the Insurance Committee will analyze the claims that the District has paid for the previous school year. Using that analysis, the Insurance Committee will establish plan designs and set premium rates for the various tiers of coverage. No final decisions shall be made by the Committee until Council members have been given an opportunity for input. The new rates will become effective January 1 of each year.

Site representatives will be paid the professional rate for their participation on this committee.

The Insurance Committee will meet periodically throughout the year to review claims information in order to determine the need for additional staff training on insurance utilization for the purposes of maximizing cost savings for the insurance program.

C. HEALTH INSURANCE

1. Eligibility

Each certified employee covered under this bargaining agreement who works a minimum of .50 FTE during a school year is eligible for health insurance coverage. Employees who are eligible to participate in the group health insurance program may not opt out of the coverage; however, they are not obligated to purchase coverage for spouse/domestic partners and/or dependents.

Eligible employees who work a full contract during a school year can earn twelve (12) months of insurance beginning October 1 and ending September 31. Eligible employees who work less than a full contract year will receive a pro-rated benefit that always ends September 31.

Eligible employees who are laid off during a school year due to a reduction in force will receive a pro-rated insurance benefit based on the number of contract days worked.

November and December are the open enrollment months for all insurance benefits.

2. Definition of Benefits

Health insurance is defined as medical (including prescriptions), dental and vision coverage. Employees may not separately select one or more of these coverages; all three are provided as a “bundled” benefit.

The District shall continue to offer a Section 125 Cafeteria Plan that provides the option of pre-tax insurance premiums as well as supplemental health and accident insurance for eligible employees, as defined by the current plan.

3. Premium Payments

- a. The District agrees to pay a portion of the monthly premium cost per employee for the purchase of medical, dental and vision insurance each contract year (October through September). Premiums for certified employees will be split according to the following percentages:

Employee only: District assumes 100% of the cost.

Employee and Children: 90% District 10% Employee

Employee and Spouse: 87% District and 13% Employee

Full Family: 86% District and 14% Employee

- b. Separate premiums for medical, dental and vision coverage are determined annually and are effective from January 1 through December 31 (the policy year). These premiums are established on four different step rates, as follows: employee only, employee and child/children, employee and spouse/domestic partner, and family. Premiums are based on full participation by all eligible employees.
- c. Each employee with spouse/domestic partner and/or dependent coverage will pay a share of the monthly premium for that coverage. This out-of-pocket premium will be deducted from the employee's paycheck. Monthly premiums are not pro-rated.
- d. Each employee who works .50 FTE through .79 FTE shall pay no more than 1.5 times the out-of-pocket amount that full-time (1. FTE) employees pay for health insurance coverage. Each employee who works .80 FTE through .99 FTE shall pay the same out-of-pocket premium as full-time employees.
- e. If an eligible employee takes unpaid leave during a school year, he/she may be responsible for payment of the entire monthly insurance premium. That determination is made by the District when the leave request is submitted, based on the percentage of unpaid leave days for the current school year to the number of contract days worked for the current school year. Unpaid leave is accumulated by school year in making this determination.

D. LIFE INSURANCE

Eligible employees and their spouse-domestic partner/dependents have access to group life insurance. The employee pays the entire monthly premium for group life insurance through payroll deduction.

E. LONG-TERM DISABILITY INSURANCE

Eligible employees pay the entire monthly premium for long-term disability insurance through payroll deduction.

ARTICLE 29 – Travel Expense Reimbursement

Building staff development monies will be distributed yearly to each school site. Staff Development Committees at the sites in conjunction with the building principal will determine how such funds will be disbursed for travel, lodging, meals, and registration.

The following guidelines will be considered when employees are eligible for reimbursement for meals, lodging, travel and registration fees:

Hotel: \$110.00 per night or for actual amount if less

Meals: Breakfast \$ 9.00
 Lunch \$ 11.00
 Dinner \$ 24.00 (banquet fees are not considered)

Refer to Staff Handbook for reimbursement procedures.

Registration fees as approved by the District.

When travel is necessary the District/Building will provide:

1. Bus fare or;
2. District/Building gas credit card if own transportation is used.

When out of town travel is necessary both parties will refer to ASD Administrative Rule for Travel. (See Staff Handbook for additional information.)

ARTICLE 30 – Compliance Between Individual Contracts and Master Agreement

Any individual contract between the Board and an individual employee heretofore or hereafter executed shall be subject to and consistent with the terms and conditions of this Agreement. If an individual contract contains any language conflicting with this Agreement, this Agreement, during its duration shall be controlling.

ARTICLE 31 – Site-Based Decision Making/Contract Waiver

The Board and the Council agree that there may be times when employees and administrators mutually desire to waive a specific contractual article in order to implement an educational innovation. It is the intent of this article to allow contract waivers to occur under the following conditions:

- A. Employee participation in an innovation requiring a contract waiver is voluntary;

- B. The waiver is memorialized in a Memorandum of Understanding approved by the Southern Oregon Bargaining Council and the Board. The AEA Representative Council will be notified of the waiver request and determine whether or not member ratification is necessary. In all cases the signatures of the School Board, the Council, and the Ashland Education Association are necessary on any memorandum.
- C. The Memorandum of Understanding will specify the contract article being waived or modified and the expiration or renewal date of the waiver. The Memorandum of Understanding will be non-precedent setting.
- D. The Memorandum of Understandings are subject to the grievance process.
- E. Those who choose not to participate in an innovation requiring a contract waiver will not be subject to an adverse evaluation, discipline, or dismissal for their non-participation.
- F. The collective bargaining agreement not affected by any Memorandum of Understanding will remain in full force and effect and have full application to the employees who are affected by the innovation requiring a contract waiver.

ARTICLE 32 – Retirement Program

The District shall continue to pay the employee contribution to the Public Employees Retirement System, not to exceed six percent (6%). The parties agree that this section shall not be modified or reopened during the life of this agreement.

ARTICLE 33 – Duration

- A. This Agreement shall be effective upon execution except as otherwise provided, and shall remain in full force and effect through June 30, 2018. Either party may choose to open for renegotiation the 2.25% COLA and/or up to two additional articles (or more with mutual agreement). Notification must be provided no later than May 15, 2017.
- B. This Agreement shall not be modified in whole or in part by the parties except by an instrument, in writing, duly executed by both parties.
- C. The District and the Council will begin successor contract negotiations no later than March 1, 2018.

ARTICLE 34 – Contract Maintenance

For the purpose of this article, a Contract Maintenance Committee shall meet periodically to address issues that arise during the duration of the contract and as a means of communicating between the District and the Council any related concerns pertaining to working conditions. When it is recognized that a change in contract language is desirable, the parties will follow their procedures for the development and ratification of a memorandum of understanding.

The Contract Maintenance Committee will review the financial statements of the District in October and November of each year. The focus of this review will be on any known changes in revenue and expenditures from the adopted budget. Additionally, Contract Maintenance Committee members will review financial statements on a regular basis.

See Appendix F for the Contract Maintenance Referral Form. This form is subject to revisions annually by the Contract Maintenance Committee.
