

## We Want to Hear From You!

In 2003, Briscoe Elementary School was closed due to declining enrollment in Ashland School District. Since then, the property and building have been leased to tenants, including the Oregon Child Development Center and the Lithia Arts Guild, among others.

The Ashland School District is currently reviewing all properties and assets, both in preparation for a potential bond issue in 2018 as well as to identify areas where we can better serve our students. We want to ensure that we are using your money and resources in accordance with the priorities and needs of the entire school community. For this, we need your help!
