Arena registration for all workshops will take place Monday, May 7th – Friday, May 11th starting at 8:30 AM in the Administrative Office / Resource Room. Sign-ups are on a first-come, first-served basis.

AFTERNOON WORKSHOP REGISTRATION

Both homeschooling students and Parent Partner students are welcome to register for afternoon June workshops.

Students attending workshops will be automatically enrolled in Lunch Bunch.

All fees associated with any workshops are due, in full, on Monday, May 14th.

Each workshop has limited space. Please make sure that your student meets the age specifications listed for each workshop.

No waiting lists will be offered for any workshops.

Afternoon Workshops

Summer Fun Woodworking Projects

Ages: All

Build a summer project! Students will design and build projects of their own choosing. Bird houses, treasure boxes, toys, stilts, planters or ??? Design and build projects from wood using both hand tools and power tools. Projects will be student inspired using saws, drills, chisels, and sanders.

INSTRUCTOR: Vernon Pew

MATERIALS FEE: \$10.00

TIME: 12:30-2:00

Everything Water

Ages 5-8

In this class, students will learn about ways to use and have fun with water. Students will do simple experiments; hot ice, make it rain, water movement, as well as play ing water at Bear Creek, Garfield Park, and water games. We will read stories, look at ways we use water, and how we can keep it clean. A fun class to prepare us to splash into summer.

INSTRUCTOR: Tara Elder-Hammond

MATERIALS FEE: \$5.00

Time: 12:30-2:30

Creation Station

Ages: 5-9

In this workshop students will get the opportunity to create whatever they want using the materials laid out! Each class will have a different set of materials to choose from. We will focus on using recycled and found materials. I will also have my magic blue box full of supplies.

Students are encouraged to bring recycled items from home to share with the group.

Let your imagination be your guide as you join the fun in creation station!

INSTRUCTOR: Stacy Bloodworth

MATERIALS FEE: \$4.00

TIME: 12:30-2:00

The Art of Storytelling Ages 5-9

The Art of Storytelling will focus on what characteristics make a successful storyteller. In this workshop, students will explore these characteristics through games and activities. Students will learn how to use their voice and body to tell a story, tips on what makes a great storyteller, choose or create a story, and present a story. This workshop will explore the following different forms of storytelling: skits, reading an actual book, and puppet shows. This workshop does not require field trips, parent drivers, or volunteers. Depending on the weather, students may spend some workshop days outside.

INSTRUCTOR: Alex Bringer

MATERIALS FEE: None

TIME: 12:30-2:00

Scooters Delight

Ages: 8-14

Scooters Unite! Let's learn new tricks, have relay races, and scoot all around Willow Wind. Join the fun and scoot with us. Please bring your own scooter and helmet. Students in this workshop will also be helping plant the summer garden.

INSTRUCTOR: Dana Yearsley

MATERIALS FEE: None

TIME: 12:30-2:00

Spa Days

Ages: 9-14

Use basic organic ingredients to create a world of relaxation. We will make; beeswax lip balm, honey/sugar lip scrub, bath bombs, everyday salve & anti-bug bars. Everyone goes home with their own creations and easily replicated recipes to keep the fun going.

INSTRUCTOR: Erika Lowe

MATERIALS FEE: \$15.00

TIME: 12:30-2:30

Fractured Fairy Tales Ages: 8-14

Back by popular demand! In this workshop, students will explore fairy tales and narrative styles, then experiment with re-tellings of these traditional stories and bringing them to the stage! Was the Big Bad Wolf really that bad, or did we just not hear his side of the story? Did Cinderella have stinky feet after wearing those glass slippers? The Three Little Pigs are building spaceships? Who knows where we'll end up. Through improv games, brainstorming, and some fundamentals in acting and staging, students will explore the fairy tale genre and bring it on stage. Even if you taken this workshop before, there are still new stories to be discovered! An in-class performance will be offered on the last day of the workshop to family, friends and fellow students.

INSTRUCTOR: Eve Smyth

MATERIALS FEE: None

TIME: 12:30-2:30

HAMILTON-Middle School Musical Theater Ages 11-14

Students will learn the lyrics, music and staging to one song from the popular Broadway Hit HAMILTON. Students will need to memorize the song and be prepared to do a showing on the final day. Ability to focus well and work as a team essential.

INSTRUCTOR: Audrey Flint

MATERIALS FEE: None

TIME: 12:30-2:30

Montage –From Fragments to a Whole Ages: 10-14

Our four day workshop will be used to create an individual montage. It will require us to draw or paste a combination of images in relationship to one another: we will make a new composite from fragments of pictures and/or words. This will be primarily a drawing project but some photos and other clippings can be utilized as elements in the piece. The montage can be made succinctly, irrationally, realistically, abstractly and surrealistically, in cartoon or Manga styles We will use pencils, markers, pastels, inks cutouts, etc. We can work small or large. It will be fun.

INSTRUCTOR: Craig Honeycutt

MATERIALS FEE: \$4.00

TIME: 12:30-2:00

Willow Wind Minecraft Ages: 10-14

It's time to build in creative mode! The entire class will work as a team to excavate a site and then build a scale version of the Willow Wind campus. After completing Willow Wind, students will then work on small to outlandish-scale improvements to campus, from adding new trees to completing an amphitheater. For each structure that is built, students will form groups to complete a basic architectural proposal, complete with sketches, plans, and descriptions, and then submit their bid to the planning committee (me!) for approval and permitting.

Students MUST have their own Minecraft account in order to participate in this workshop. Accounts can be purchased at minecraft.net for \$26.95.

INSTRUCTOR: Eping Hung

MATERIALS FEE: \$5.00

TIME: 12:30-2:00
